

HOW TO GET TO NORTH OR SOUTH BUILDINGS

North and South Buildings are connected and may seem like they are one building. The South Building has its own entrance at 860 Washington St. or on the opposite side on Ash St., just down from Valet Parking.

Get there from the 800 Washington St. entrance: Walk past Au Bon Pain on your left and take a right in front of the Information desk to the Atrium elevators. Use these to get to your floor and turn right.

Get there though the Third Floor Corridor: Getting to many points in the hospital is easiest using the third floor corridor, which connects all our buildings.

From the garage, take the stairs and exit at the 3rd floor. Take a right towards the Atrium elevators. Use these to get to your floor. Take a right from the Atrium elevators to North and South Buildings.

For an accessible route  take the garage elevator to the Ground level. Enter the building and follow the corridor left to the Floating Hospital elevators (you will be on the Plaza level of Floating Hospital). Go up two floors to the Floating 3rd floor, exit the elevator bank to the corridor and go left towards the Atrium. Use the Atrium elevators to get to your floor. Take a right from the Atrium elevators to North and South Buildings.

From other hospital buildings: From Floating, Biewend, Proger, North, or South Buildings, take any elevator to the 3rd floor corridor. Follow the the 3rd floor corridor to the Atrium. Use the Atrium elevators to get to your floor. Take a right from the Atrium elevators to North and South Buildings.
