

HOW TO GET TO REHABILITATION BUILDING

The entrance to the **Rehabilitation Building** is located at 185 Harrison Avenue. Note that it can only be reached from this outside entrance.

Get there from the 800 Washington St. entrance: Walk straight past Au Bon Pain on your left and through the Atrium out the back revolving doors to Bennet St. Walk to the end of the street and turn right. The Rehab Building entrance will be on your right after the corner restaurant.

Get there through the Third Floor Corridor: Getting to many points in the hospital is easiest using the third floor corridor, which connects all our buildings.

From the garage, take the stairs and exit at the 3rd floor. Take a right towards the Atrium. Take Atrium elevators to the first floor. Exit through the revolving doors at the back of the Atrium, go to the end of Bennet Street and turn right. The Rehab Building entrance will be on your right after the corner restaurant.

For an accessible route , take the garage elevator to the Ground level. Enter the building and follow the corridor left to the Floating Hospital elevators (you will be on the Plaza Level of Floating Hospital). Go up two floors to the Floating 3rd floor, exit the elevator bank and go left towards the Atrium elevators and follow the directions above.

From other hospital buildings: From Floating, Biewend, Proger, North, or South Buildings, take any elevator to the 3rd floor corridor. Follow the the 3rd floor corridor to the Atrium. Take Atrium elevators to the first floor. Exit through the revolving doors at the back of the Atrium, go to the end of Bennet Street and turn right. The Rehab Building entrance will be on your right after the corner restaurant.
